

Seasonal Checklist:

Preparing Your Backyard for Winter

Protect your outdoor space from the harsh winter elements by following this checklist, and ensure your patio looks great come spring!

Cover Outdoor Furniture:

Use patio furniture covers to keep outdoor furniture clean and protected.

Protect AC Units:

Invest in an AC cover to avoid costly repairs and damage from snow and ice.

Store Outdoor Cushions & Pillows:

Place outdoor cushions & pillows in storage bags for longterm storage.

Insulate Outdoor Faucets:

Use faucet covers to protect outdoor pipes and spigots from freezing temperatures.

Winterize Outdoor Fountains:

Drain fountains and cover with durable protection to prevent cracks and other damage.

Seal Leaks:

Inspect your home for drafts and seal any gaps in windows, doors, and walls to improve energy efficiency.

Check Insulation:

Ensure your attic and walls are properly insulated to keep your home warm and reduce heating costs.

Service Heating System:

Use faucet covers to protect outdoor pipes and spigots from freezing temperatures.

Clean Gutters:

Clear your gutters of leaves and debris to prevent ice dams that can cause roof damage.

Trim Trees:

Prune overhanging branches to prevent them from falling on your home during heavy snow or ice.
